

Returning to Guernsey - can graduates afford to?

19 May 2026 – 6:00-6:45pm

An online webinar, through GradRoutes Guernsey, to address concerns around housing costs and availability for returning graduates.

In the recent survey conducted by GradRoutes Guernsey, 38.2% of Guernsey's graduates/university students listed housing costs and availability as a factor in not returning to the island after their studies.

Deputy Sasha Kazantseva-Miller, President of the Committee for Economic Development, and Deputy Steve Williams, President of the Committee for Housing will be addressing these concerns in an online webinar, organised by GradRoutes Guernsey, on 19 May at 18:00.

Graduates and current university students are invited to attend and to pose their questions to the Deputies once they have outlined their plans for the provision of affordable housing.
